Strong-line™ reinforced

Strong-line™ Lever Arch Files
This type of lever arch file is made from environment friendly PP sheeting. The unique, Strong-line TM reinforced lower edge provides extraprodection for the files leaves the surface of desks and cabinets without scratches. The mechanism holds the file closed in the Rado front cover lock, so that it stands safely without overturning. Complete with interchangeable, colour matching spine label and metal reinforced ring in the spine. Available with 5 cm or 7 cm capacity.
